DIVINATION

October 10 – November 15, 2026

Peep Space ∞ Back Room

Opening Reception (with tarot readings!): Saturday October 10th, 6-8pm

Langdon Graves, *Home Circle Oracle Deck*, 2024-25

DIVINATION explores the extra-rational systems we use to make meaning, from prophecy and ritual to chance, intuition, and superstition. This small works exhibition activates Peep's Back Room, our new experimental project space adjacent to the main gallery. Alongside the exhibition, a rotating lineup of artists and oracles will offer live readings and participatory experiences on select Saturdays and Sundays throughout October and into November. Practices include tarot, numerology, stone divination, readings with handmade symbol and oracle decks, and more!

OPENING WEEKEND READINGS

Saturday, October 10, from 4pm: Clara McClenon offers readings with a handmade symbol deck, creating a "tarot drawing" inspired by the cards and

conversation. Readings continue into the opening reception.

Sunday, October 11, 12–4 PM: Langdon Graves offers oracle readings with original handmade decks.
